

APPLICATION FOR A NEW CONNECTION

(up to 4 connections)

How much will it cost?

We have quoted an average price. This can vary considerably, depending on what's involved.

AVERAGE PRICE
excluding VAT

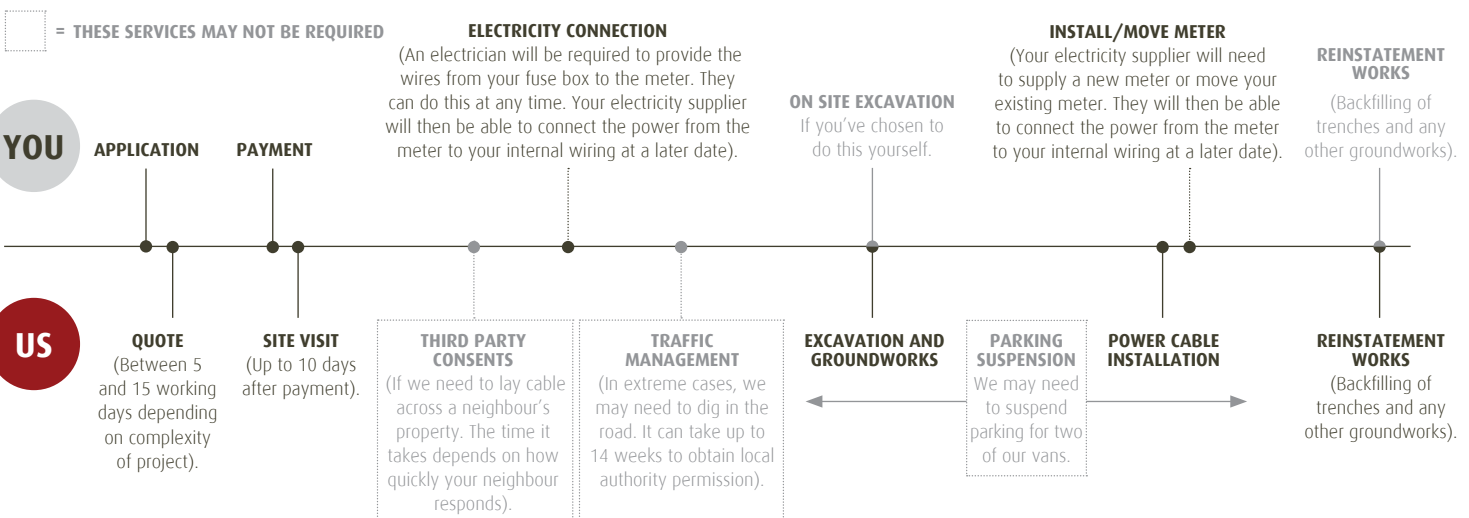

£2183
ONE SINGLE PHASE CONNECTION

£8500
TWO - FOUR SINGLE PHASE CONNECTIONS

How long will it take?

We will make every effort to meet your deadlines, but sometimes we are reliant on third parties who we have no control over. If work is required in the public highway or on other people's land our schedule will be affected by the local authority or landowner. For instance, in extreme cases road closures are required to dig on the highway and obtaining local authority permission can take up to 14 weeks.
