

The Flexible Connections Journey

Before You Apply

Check out our [DG Mapping Tool](#) to see if there are active constraints in your area

Making an Application

Apply for a budget estimate to compare the costs of unconstrained and flexible connection options

Decide whether you want to apply for a formal quote for either an unconstrained or flexible connection

[Click Here to Apply for a Formal Quote](#)

[Click Here for more information on upfront assessment and design payments](#)

Your Flexible Connection Offer

If you apply for a flexible connection quote, we'll send you a Curtailment Assessment Report with your Flexible Connection Costs
